

Manhattan Cardiology is proud to offer Mobile Sonogram Services which can provide the following benefits:

- **Increased patient and physician satisfaction**
- **Patient retention from decreased referrals**
- **Association with award-winning cardiologists**
- **Building a closer connection with patients**
- **Flexible scheduling**
- **Reliable service and accurate result reading**

“Dr. Segal and his mobile unit are very convenient for my patients. Instead of traveling to different locations, the testing is done right in our office. We have the results within a few days and can always call if there are any questions. Highly recommended!”

– Mahyar Eidgah, MD

“This services adds a crucial insight into my patients’ health.”

– Madison Medical Practice

“My patients greatly appreciate being able to have tests done right in my office. It gives my practice added value.”

– Peggy Elango, MD

“The best part is that Dr. Segal and Dr. Welch are always available to consult on the results.”

– Yaffe Ruden & Associates

“Being able to perform sonograms in my office cuts down on the wait time for results, and issues can be addressed much more rapidly.”

– Michael Shirazi, MD

Please call Nikko Herrera at 646-637-4567 to learn more about our services.

The Ability To Do Diagnostic Testing Right in Your Office!

How It Works:

- Book one of our highly-trained and experienced sonographers to come to your office with a mobile sonogram device.
- Schedule your patients to be screened in your office on the corresponding dates.
- Results are sent electronically to our Board-Certified cardiologists for a thorough, reliable analysis within 24-48 hours.

Benefits:

- No paper chasing, less hassle.
- Turn-around time for reports of 24-48 hours.
- Web access to images and final reports.
- Added value to your practice.

We are an accredited Echo and Vascular lab for services including ultrasound of the heart, carotids and more.

We come right to your office!

About Dr. Robert Segal

Robert Segal, MD, FACC, RPVI is the founder of Manhattan Cardiology. Dr. Segal is a Board Certified Cardiologist and a Fellow of the American College of Cardiology

(FACC). His credentials include board certifications in Nuclear Cardiology by the American Society of Nuclear Cardiology (ASNC), Echocardiography and Stress Echocardiography by the National Board of Echocardiography (NBE) and he is globally recognized in Vascular Disease, as a Registered Physician for Vascular Interpretation (RPVI) by the American Registry for Diagnostic Medical Sonography (ARDMS). He was awarded the Castle Connolly Regional Top Doctors Award in 2014.

About Dr. George Welch

George Welch, MD, FACC, RPVI. He is an experienced and detail-oriented cardiologist specializing in non-invasive cardiology. He is certified in

cardiology, echocardiography, nuclear cardiology and vascular interpretation. Dr. Welch taught at Columbia University Medical Center as a Clinical Instructor in Medicine. Additionally, he has contributed 20 articles including a publication in the New England Journal of Medicine. As an expert on novel risk factors causing heart attacks, he has delivered several national lectures on the topic. Dr. Welch has been honored with the Award of Excellence in Medicine by the University of Vermont and the Alpha Omega Alpha Award.
